Provide Additional Spectrum for the Medical Device Radiocommunication Service in
the 413-457 MHz Band

Dear Ms. Dortch:

On October 13, 2009, David Hankin, CEO of the Alfred Mann Foundation ("AMF"), and the undersigned, counsel to AMF, made a presentation addressing the above-captioned proceeding to Julius Knapp, Ira Keltz, Alan Stillwell, Bruce Romano, Geraldine Matisse and Mark Settle, all of the Office of Engineering and Technology ("OET"). The AMF representatives discussed the record compiled to date in the proceeding and the status of testing procedures with the Joint Spectrum Center.

On October 14, 2009, the same AMF representatives met in separate meetings with Angela Giancarlo, chief of staff and senior legal advisor to Commissioner Robert M. McDowell and Renée Crittendon, chief of staff and senior legal advisor to Commissioner Mignon Clyburn, to discuss the status of the above-captioned proceeding.

Attached is a copy of the presentation that was distributed to the OET participants and the two senior legal advisors.
